

i-SAFE logo color treatments (Light Background)

2 color
Pantone 1795 C
Pantone 300 C
#FF0000
#0066FF

Please use this set of logos on a white or light colored background.

2 color
(with black)
Pantone 1795 C
#FF0000

We would prefer the use of the red and blue version. In consideration of various design constraints on colors and their relationships use we have provided bichromatic and monochromatic versions.

(monochromatic)

i-SAFE logo color treatments (Dark Background)

2 color
Pantone 1795 C
#FF0000

Please use this set of logos on a black or dark colored background.

1 color
(monochromatic)

Size and space

This example is the smallest allowed size of the i-SAFE logo.

Please allow a reasonable amount of space between your graphics and the i-SAFE logo, as demonstrated by the dotted gray lines.
